Important updates regarding Investment Loans and RSP Loans

RE: Loan No. [Loan number]

Dear Client,

We are committed to keeping you informed about matters that impact your loan.

To ensure that you continue to meet your loan commitments, the payment amount on any Investment Loan or RSP Loan may be reset¹ to align with the applicable changes to the B2B Bank Prime Rate or B2B Bank Alternative Rate.² As a result, your payment amount may change for any of these loans that you hold.

Action required: Prepare for new payment amount (as of **Month 2023)**

To reflect several B2B Bank Prime Rate or B2B Bank Alternative Rate changes in previous months, your new payment amount is \$[Amount].³ We are providing this one-time notice of your new payment amount to be debited starting **Month 2023**.

Future payment updates

Going forward, we will review your payment amount on a quarterly basis and adjust it as needed. When applicable, we will provide confirmation of your revised payment amount in your quarterly account statement.

For more information or to further discuss your loan details, contact your advisor.

Sincerely,

A handwritten signature in black ink that reads "Puneet".

Puneet Mann

Head, Deposits, Unsecured Lending & Advice Strategy

1. Payment reset is an adjustment in your payment amount to account for changes in the B2B Bank Prime Rate or B2B Bank Alternative Rate.

2. B2B Bank Prime Rate means the annual interest rate announced by B2B Bank from time to time as being its reference prime rate then in effect (the "Prime Rate"). B2B Bank's Alternative Rate means the annual interest rate announced by B2B Bank from time to time as being the reference alternative rate then in effect (the "Alternative Rate"). All rates may fluctuate from time to time and are subject to change without prior notice.

3. This amount is calculated based on the assumption that previous payments are received as expected and no additional payments are sent to B2B Bank.
